

MUSIC IS
AT ITS STRONGEST
WHEN IT BRINGS
PEOPLE TOGETHER.

WHO WE ARE.

We are The Uptown Monotones.
Three musicians with different roots,
one shared mission: to create real moments
through real music.

WE BELIEVE

Music brings people together.
It breaks down walls, crosses
borders and speaks a language
we all understand.

WE STAY TRUE

No gimmicks. No shortcuts.
We write, we play, we sing.
Everything you hear is
100% us.

WE CONNECT

On stage and off.
With our audience.
With every person we meet.
That's what this is about.

We don't chase fame. We chase moments that matter.
Moments when a song hits the right person
at exactly the right time.

That's who we are.
That's why we do it.

THE BAND

Three voices.
Three personalities.
One shared mission.

The Uptown Monotones are built on friendship, trust and a deep love for the songs that bring us—and the people in front of us—together.

VERN

VOCALS, HARMONICA,
DIDGERIDOO, FX

The voice that carries the stories. Influenced by rock, soul and blues verN brings raw energy and honest emotion to every song.

IVORY

BEATBOX

The beatbox is the heart of the band. Ivory's Sound and energy create the connection that turns a show into a celebration.

HELI

VOCALS, GUITAR,
JAW HARP, BALLOON

The songwriter and the groove. Heli's guitar drives the songs and his voice brings warmth and depth.

LIVE IS OUR LANGUAGE

A Uptown Monotones show is more than a concert. It's a shared moment of energy, connection and joy.

We create a space where people can sing, dance, laugh and let go together. Every show is different, but the feeling is always the same: we're all in this together.

From the first note to the last, we give everything we've got. You bring the energy.

That's where the magic happens.

CONNECTION

We believe in real connection—between the band and the crowd, and among the people in the room.

ENERGY

Honest, raw and positive. We feed off the energy in the room and give it right back.

SONGS TOGETHER

Melodies that stay. Choruses that unite. Songs that become memories.

CELEBRATION

Live is a celebration of life, music and the beautiful moments we share.

“ The best shows don't feel like performances. They feel like coming home.

THE UPTOWN MONOTONES

THE EXPERIENCE.

“
*Three
musicians.
One audience.
One
unforgettable
night.*
”

Immediate.

From the first song onward,
audiences become part of the show.
Singing, clapping, laughing and
celebrating together comes naturally.

Authentic.

Nothing is pre-recorded.
Nothing is scripted. Every concert
is different because every
audience is different.

Memorable.

People don't just remember
the songs.
They remember how they felt.
